Senate/20/2026/4.7

To consider and approve the proposal for course renaming in the scheme of M.Tech programme of Electronics and Communication Engineering (ECE) from the AY 2026-27 onwards

Existing	Proposed
In the existing M.Tech ECE Scheme of 2025-26 onwards, there are two (2), Independent Study and Seminar courses of 2 credits each which are offered in Semester-I and Semester-II respectively with course codes ECEM 518 and ECEM 570.	Since the M.Tech students have full one year internship mostly in outside organizations during their 2 nd Year (Semester III + Semester IV), so emphasize more on the M.Tech thesis/ project, the proposal has been approved by the Departmental Board of Studies (DBoS) for renaming the "Independent Study and Seminar" Courses in the Semester I and II to "Minor Project" Courses respectively in the Semester I and Semester II but maintaining with same course code and same credit to comply with the same Institute credit structure in accordance with the NEP 2020 from AY 2026-2027 and onwards vide AGENTA ITEM NO. 02: DBoS (ECE)/05/2026/02 dated 23.01.2026.

	Existing	Proposed
	NA	In pursuance of the proposal for the implementation of the 2-Year Online Master of Computer Applications (MCA) Programme, the observations of the Departmental Board of Studies (DBoS) has the following observations: 1. The DBoS Committee expressed concern regarding the rationale for offering the MCA programme as a 2-year programme instead of 3-year Programme and the justification for prescribing 80 credits in place of the commonly followed 120-credit requirement. 2. The DBoS Committee sought clarification on the institutional framework for curriculum development and implementation, teaching activities, and the assurance of academic quality and standards. 3. The minutes of the Departmental Postgraduate Committee are placed before the Senate for consideration, which also record similar concerns raised by the faculty of the Department. 4. After due consideration, the Departmental Board of Studies (DBoS) did not recommend implementing the proposed 2-year online Master of Computer Applications (MCA) programme and
